

Uma gota de água  
e  
uma gota de óleo

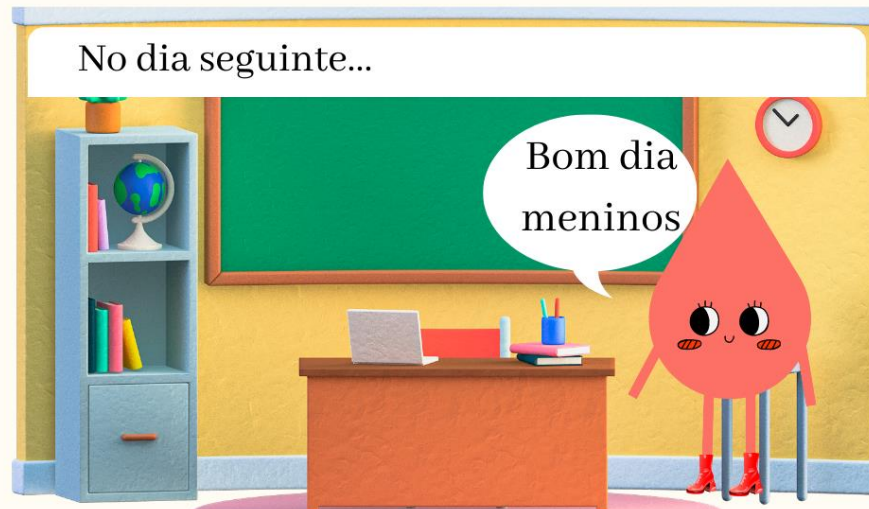

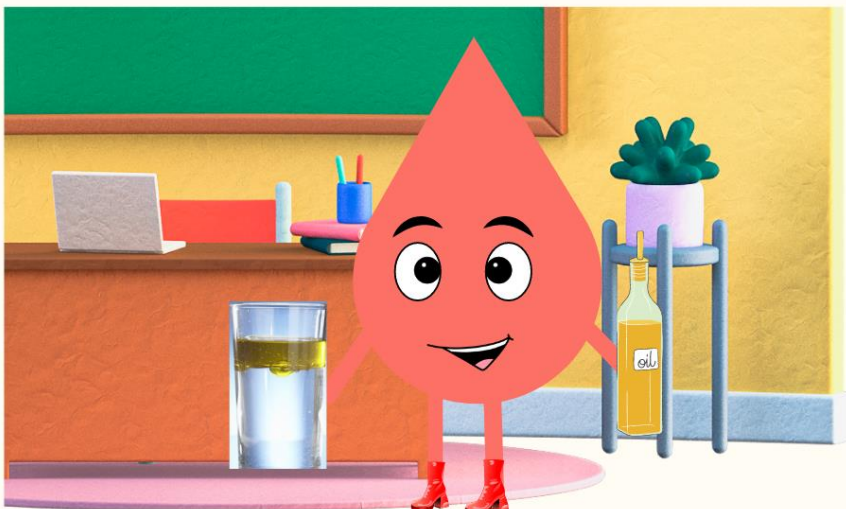

Há muito tempo atrás, existia um planeta dos líquidos,  
e reza a lenda que esse planeta é um exemplo para o  
planeta Terra, por isso vou-te mostrar essa lenda....

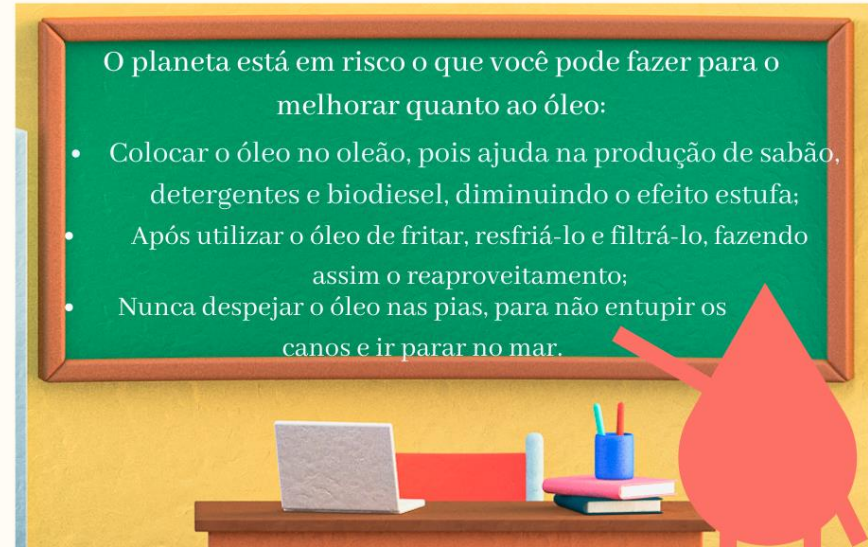

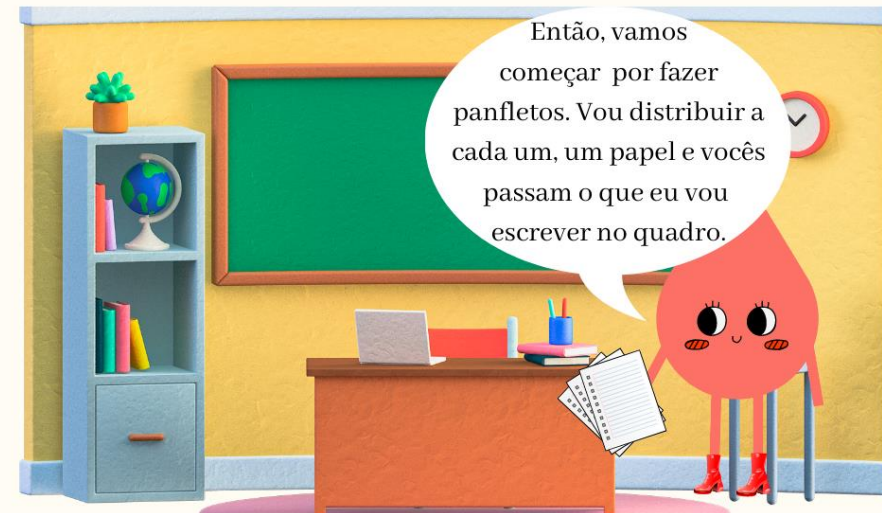

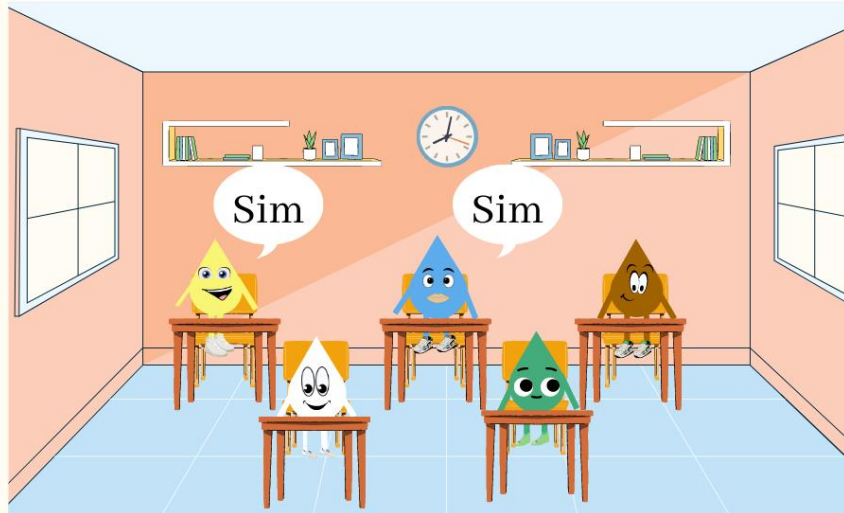

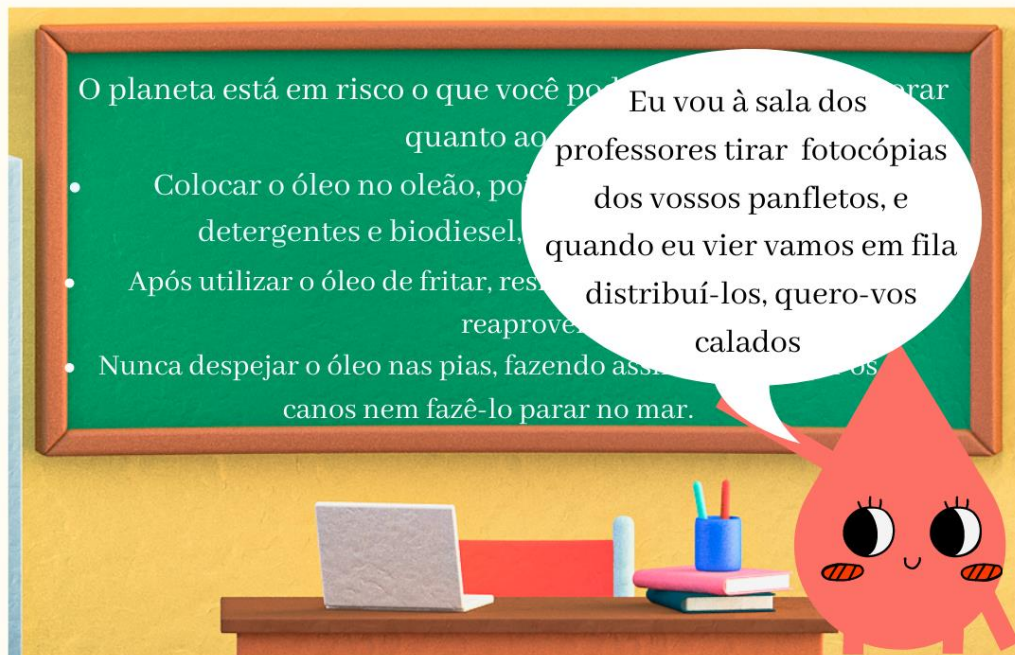

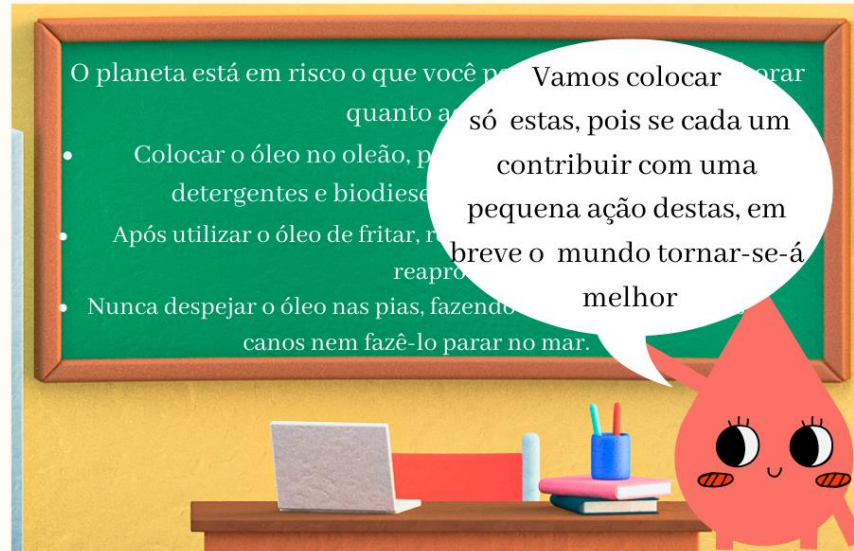

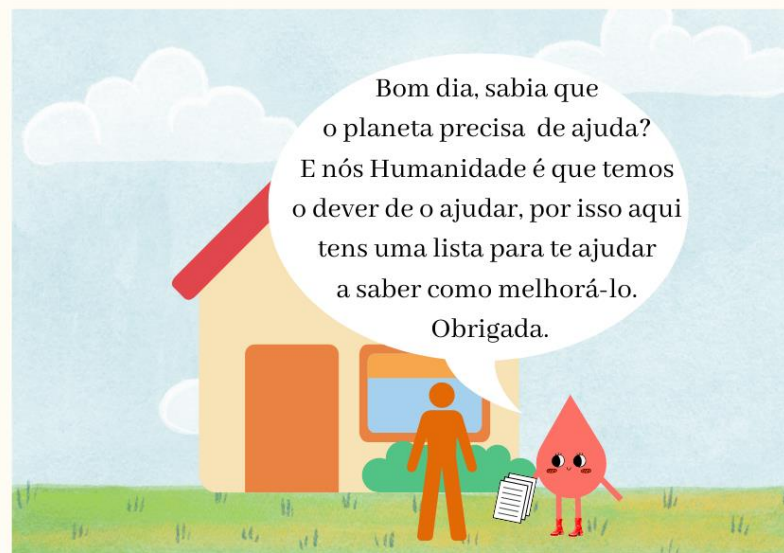

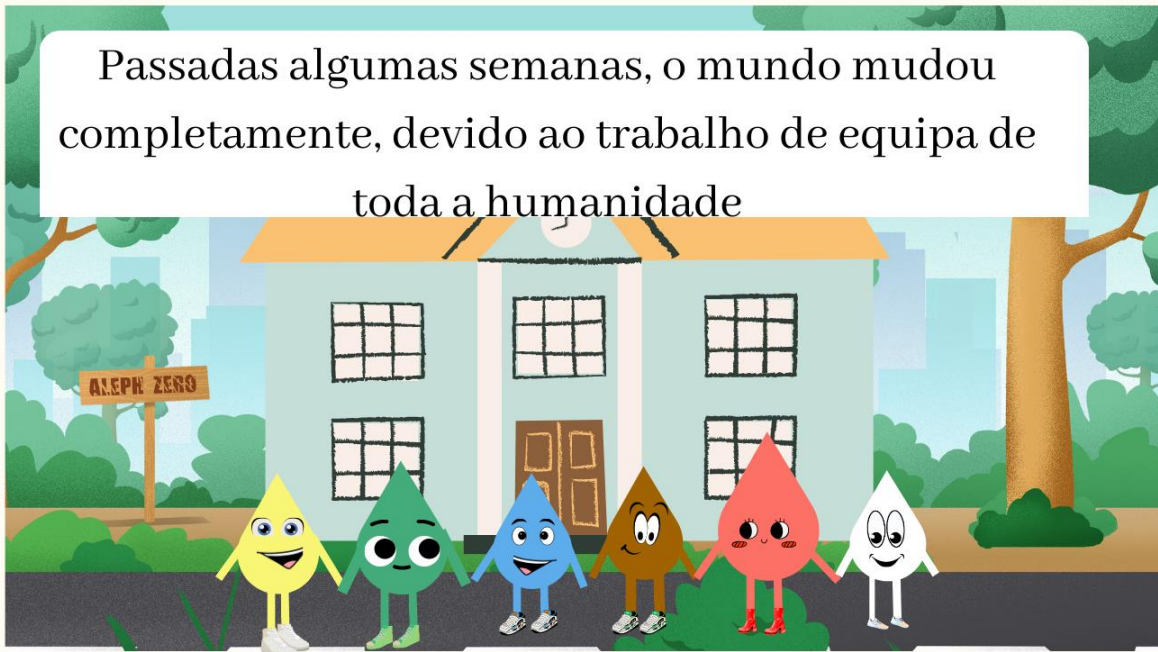

Passadas algumas semanas, o mundo mudou completamente, devido ao trabalho de equipa de toda a humanidade

E tu? Já tentaste combater as consequências do óleo? Estás á espera de quê? Começa agora antes que seja tarde! O planeta está á tua espera!
